

Version number 1

Revision: 23.03.2023

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1 Product identifier

Trade name: <u>Hexafluoroisopropanol</u>Article number: HFIP STDEC number:213-059-41.2 Relevant identified uses of the substance or mixture and uses advised against:No further relevant information available.

1.3 Details of the supplier of the safety data sheet Manufacturer/Supplier: DAIKIN INDUSTRIES, LTD. CHEMICALS DIVISION: OSAKA UMEDA TWIN TOWERS SOUTH, 1-13-1 Umeda, Kita-ku, Osaka-shi, Osaka, 530-0001, Japan Phone:+81-6-6147-9702 Fax:+81-6-6147-9807

Further information obtainable from: http://www.daikin.com/

1.4 Emergency telephone number: Japan: +81-6-6349-7521 China: +86-532-8388-9090, +86-21-34151689 South Korea: +82-2-568-1722 Americas: CHEMTREC +1-800-424-9300 (Outside US/Canada: +1-703-527-3887) Europe: +49-211-179 225-0

SECTION 2: Hazard identification

2.1 Classification of the substance or mixture Classification according to Regulation (EC) No 1272/2008

Skin Corr. 1A H314 Causes severe skin burns and eye damage. Eye Dam. 1 H318 Causes serious eye damage.

2.2 Label elements

Labelling according to Regulation (EC) No 1272/2008:

The substance is classified and labelled according to the CLP regulation. Signal word: Danger

Hazard-determining components of labelling:

1,1,1,3,3,3-Hexafluoro-2-propanol

Precautionary statements:

1 recumionary suit	
P303+P361+P353	IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water [or
	shower].
P304+P340	IF INHALED: Remove person to fresh air and keep comfortable for breathing.
P305+P351+P338	IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present
	and easy to do. Continue rinsing.
P310	Immediately call a POISON CENTER/doctor.
P405	Store locked up.
P501	Dispose of contents/container in accordance with local/regional/national/international regulations.

SECTION 3: Composition/information on ingredients

Information on ingredients:

CAS: 920-66-1 1,1,1,3,3,3-Hexafluoropropan-2-ol Repr. 2, H361; STOT RE 2, H373 Skin Corr. 1A, H314; Eye Dam. 1, H318 Identification number(s) EC number: 213-059-4 *≥99%*

Version number 1

Revision: 23.03.2023

Trade name: Hexafluoroisopropanol

SECTION 4: First aid measures

4.1 Description of first aid measures General information: Seek medical treatment. After inhalation: Supply fresh air; consult doctor in case of complaints. After skin contact: Remove contaminated clothes immediately. Immediately wash with water and soap and rinse thoroughly. Consult a doctor in case of complaints. After eve contact: Immediately rinse with a lot of water for several minutes. Remove contact lenses if possible. Continue rinsing. Consult an ophthalmologist in case of complaints. After swallowing: *Rinse mouth with water. Do not induce vomiting.* Consult a doctor in case of complaints. 4.2 Most important symptoms and effects, both acute and chronic: No further relevant information available. 4.3 Indication of any immediate medical attention and special treatment needed: No further relevant information available.

SECTION 5: Firefighting measures

5.1 Extinguishing media
Suitable extinguishing agents: Use fire extinguishing methods suitable for surrounding conditions.
5.2 Special hazards arising from the substance or mixture:
Formation of toxic gases is possible during heating or in case of fire.
5.3 Advice for firefighters:
Protective equipment:
Wear fully protective suit.
Wear self-contained breathing apparatus and protective suit.
Do not inhale explosion gases or combustion gases.

SECTION 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures:

Ensure adequate ventilation before entering the area.

Stay on the windward side. Keep out unauthorized persons.

Wear appropriate protective devices (See Section 8 Exposure Controls/Personal Protection).

Avoid contact with eyes and skin.

Do not swallow the product.

6.2 Environmental precautions: Prevent seepage into sewage system, workpits and cellars.

6.3 Methods and material for containment and cleaning up:

For a small amount of leakage: Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders) or collect in an empty container that can be sealed tightly.

For a large amount of leakage: Enclose with banks to avoid outflow. Lead the leakage to a safe place and collect. **6.4 Reference to other sections:**

See Section 7 for information on safe handling. See Section 8 for information on personal protection equipment. See Section 13 for disposal information.

SECTION 7: Handling and storage

7.1 Precautions for safe handling:

Ensure good ventilation/exhaustion at the workplace. Do not handle until all safety precautions have been read and understood. Information about fire - and explosion protection: Keep ignition sources away - Do not smoke.

Version number 1

Revision: 23.03.2023

Trade name: Hexafluoroisopropanol

7.2 Conditions for safe storage, including any incompatibilities: Storage
Requirements to be met by storerooms and receptacles:
Store in a cool and dry location.
Prevent any seepage into the ground.
Keep containers tightly sealed.
Information about storage in one common storage facility:
See section 10 for information on incompatible materials.
Further information about storage conditions:
Store in cool, dry conditions in well sealed receptacle.
Protect from heat and direct sunlight.
Store containers in a well ventilated area.
Store locked up.
7.3 Specific end use(s): No further relevant information available.

SECTION 8: Exposure controls/personal protection

8.1 Control parameters No further information available. **Ingredients with limit values that require monitoring at the workplace:** Not required. **DNELs:**

CAS: 920-66-1 1,1,1,3,3,3-Hexafluoro-2-propanol

Inhalative DNEL - consumer 0.174 mg/m³ (Estimate) long-term exposure

8.2 Exposure controls Appropriate engineering controls No further data; see item 7. Individual protection measures, such as personal protective equipment General protective and hygienic measures: Wash hands before breaks and at the end of work. Do not eat or drink while working. Keep away from tobacco products.

Respiratory protection:

Use respiratory protective device with filters for organic and acid gas (or airline respirators in some cases) if formation of toxic gases is possible while the product is heated. Use respiratory protective device with organic gas cartridge. Hand protection

Protective gloves

Material of gloves: Rubber

Penetration time of glove material The exact break trough time has to be found out by the manufacturer of the protective gloves and has to be observed. **Eye/face protection**

Safety glasses

Body protection: Protective work clothing

SECTION 9: Physical and chemical properties

9.1 Information on basic physical and chemical propertiesGeneral InformationPhysical stateColour:Colour:Odour:UnpleasantOdour threshold:Not determined.

SECTION 10: Stability and reactivity

10.1 Reactivity No further relevant information available.

10.2 Chemical stability

Thermal decomposition / conditions to be avoided: To avoid thermal decomposition do not overheat.

10.3 Possibility of hazardous reactions: No dangerous reactions known under normal conditions of use.

10.4 Conditions to avoid: Keep away from heat, sparks, flame, high temperature.

10.5 Incompatible materials:

Strong acids, strong alkalis, alkali metals, alkali earth metals, powdered alminium, zinc, beryllium.

Revision: 23.03.2023

Version number 1

Revision: 23.03.2023

Trade name: Hexafluoroisopropanol

10.6 Hazardous decomposition products: Danger of toxic fluorine based pyrolysis products.

SECTION 11: Toxicological information

11.1 Information on hazard classes as defined in Regulation (EC) No 1272/2008 Acute toxicity Based on available data, the classification criteria are not met. LD/LC50 values relevant for classification:

CAS: 920-66-1 1,1,1,3,3,3-Hexafluoro-2-propanol

Oral LD50 600 mg/kg (Mouse) Inhalative LC50/4h 1974 ppm (Rat) Skin corrosion/irritation: Causes severe skin burns and eye damage. Serious eye damage/irritation: Causes serious eye damage. Respiratory or skin sensitisation: No further information available. Germ cell mutagenicity: Based on available data, the classification criteria are not met. Carcinogenicity: No further information available. Reproductive toxicity: No further information available. **STOT-single exposure:** Based on available data, the classification criteria are not met. STOT-repeated exposure: No further information available. Aspiration hazard: No further information available. Subacute to chronic toxicity: No further information available. 11.2 Information on other hazards: Endocrine disrupting properties:

Substance is not listed.

SECTION 12: Ecological information

12.1 Toxicity Aquatic toxicity:

CAS: 920-66-1 1,1,1,3,3,3-Hexafluoro-2-propanol

LC50/96h 244 mg/l (Fish) LC50/48h 270 mg/l (Fish) (MITI 1992) 902-66-1 1,1,1,3,3,3,-Hexafluoro-2-propanol LC50/48 h 270 mg/l (Japanese rice fish) (MITI 1992) LC50/94 h 244 mg/l (fathead minnow) **12.2 Persistence and degradability:** This product will persist in the environment. Handle with care in case of accidental release or disposal.

CAS: 920-66-1 1,1,1,3,3,3-Hexafluoro-2-propanol

Biodegradation 0 % (Microorganisms) (OECD 301C) (MITI 1992) 12.3 Bioaccumulative potential:

CAS: 920-66-1 1,1,1,3,3,3-Hexafluoro-2-propanol

BCF < 2.7 (Fish)
12.4 Mobility in soil: No further relevant information available.
12.5 Results of PBT and vPvB assessment
PBT: No further relevant information available.
vPvB: No further relevant information available.
12.6 Endocrine disrupting properties The product does not contain substances with endocrine disrupting properties.
12.7 Other adverse effects:
Ecotoxical effects: no data
Additional ecological information:
General notes: Must not reach sewage water or drainage ditch undiluted or unneutralised.
